JOHN MAGRUDER ALSO ARRESTED

Cases of Race-Track Gambling Continued to Monday Morning.

John Magruder, formerly an appointee on the city police force, but afterwards rejected, is the third to be arrested in connection with the gambling at the State Fair Grounds Monday afternoon. Magruder was arrested yesterday afternoon on the grounds by a city officer, and was immediately turned over to a Henrico county constable who took him to the Henrico county jail.

Because of the unpreparedness of the defense the cases against Mike O'Rourke, charged with keeping the door to the gambling joint under the grandstand at the State Fair Grounds on Monday afternoon, and William Barrett, alias Nowlan, of New York, charged with operating a roulette wheel and a faro layout, were continued to next Monday morning, when they will be heard at 10 o'clock by Judge Larus.

O'Rourke was bailed in the sum of \$2,000, but was later served with another warrant, charging him with refusing to obey the most successful of the city force, when the latter ordered him to open the door, and bail was required in the sum of \$2,000 additional. Both bonds were furnished by D. A. Blankenship.

Five other warrants were sworn out for as many different men, who are also charged with operating gambling devices at the Fair Grounds. Two of them have left the city, supposedly for New York. The others are thought that the others will be picked up at any moment. Commonwealth's Attorney Julian Gunn and Sheriff L. H. Kemp are determined to prosecute the cases to the fullest extent of the law, and it may be that others, for whom no warrants have yet been issued, will be called upon to explain matters of interest about the room beneath the grandstand.

Barrett was unable to secure a bondsmen, and remained in jail. He continues to assert his innocence and claims he will be able to prove it.

BEST CONVENTION YET

Mr. Burke Men Appreciate Attention of Chamber of Commerce. Business Manager William T. Dabney, of the Chamber of Commerce, received yesterday a letter of thanks and appreciation from Thomas D. Burton, chairman of the committee on arrangements for the Air Brake Convention, which met in this city last week.

"The attendance," said Mr. Burton, "was by far the largest we have ever had, and all things considered, the convention was unquestionably the most successful in the history of the organization. The liberal attendance is believed to have been due in part to the publication of the list of names of the members of the association by you and P. M. Fry, of the Jefferson Hotel, and the success of the convention was largely due to the courteous attention which the members and their friends received from the municipality and the Chamber of Commerce. I can safely say that there was not a single complaint registered against holding the convention in Richmond, or of the manner the members and their guests were received and treated while here."

Since the Chamber of Commerce has taken active part in securing and entertaining such gatherings, none has ever failed to write a similar letter through its representative.

April Tobacco Report. The report of Commissioner of Agriculture George W. Kolner for the month of April shows that the sale of tobacco for the State amounted to 8,042,800 pounds. Danville led the bright market, with sales amounting to 1,438,107 pounds. For dark tobacco Lynchburg headed the list with 1,264,500. Next to these were South Boston, with 820,504 pounds of bright and Petersburg, with 675,585 pounds of the light variety.

VETOES ALL CONTRACTS

Awards Are Held Up Pending Settlement of Question of Legality.

Mayor Richardson yesterday returned to City Clerk Ben T. August with his approval a large batch of resolutions and ordinances, the most important of which was that authorizing the issue of \$1,500,000 in 4 per cent. bonds for various public improvements. The Mayor also returned a number of papers without his approval. Immediately upon being notified by the City Clerk of the Mayor's action with reference to the ordinances and resolutions upon which his action was adverse, President R. Lee Peters, of the Common Council, called a meeting of that body for next Monday night at 8 o'clock for their consideration. The bond issue proposition is an interesting and important one. The objects of this ordinance have been already fully set before the public. They may be repeated here in a sentence. The title of the ordinance is: "To authorize the issue of \$1,500,000 of bonds for water construction, the completion of the new High School building, and for other school improvements."

The Full List.

The full list of ordinances and resolutions returned by the Mayor to the City Clerk yesterday with his approval is as follows:

Want Power to Run.

Friends of Fred H. Powell are urging him to become a candidate for the Board of Aldermen from Henry Ward to succeed Reuben Burton, resigned.

The Northwestern Mutual Life Insurance Company, in error from the Circuit Court at Lynchburg, a petition for a rehearing is denied. This action means that the insurance company does not pay a claim of \$100,000 to the estate of William Samuel McCue, of Charlottesville, for \$20,000.

In the United States Circuit Court the decision favored the insurance company, but the United States Circuit Court of Appeals at Richmond reversed the lower court, and the refusal of an application for a rehearing finally ends the case, unless the United States Supreme Court is appealed to. The petition for a rehearing was filed December 11 last.

J. Samuel McCue was hanged for wife murder after a sensational trial, and the claim was that the amount of the policy was not rightfully his, as he forfeited his life. The final decision, as the case is the only one of its kind ever heard in Virginia, has been long looked forward to with interest by insurance men in every section of the country. Judges Pritchard and Williams presided when the lower court was reversed in November, 1904.

FORM SOCIETY OF PHARMACISTS

Druggists Seek to Elevate Standards of Profession in Virginia.

For purposes of creating good fellowship among the members of the profession, of elevating pharmacy from a scientific standpoint, and of encouraging the raising of the standard of the examinations for licenses, the Virginia Pharmacists' Association was organized yesterday afternoon in the hall of the Medical College of Virginia.

Twenty-seven practitioners were present, and many more druggists from various sections expressed in letters their regret at not being present.

The movement had its origin among the graduates of the University College of Medicine and the Medical College of Virginia, although any druggist in the State holding a diploma from any reputable school of pharmacy is eligible for membership. The only requirement is the diploma, as the sentiment is growing to have only well-educated men prepare prescriptions and sell medicines.

Some time ago Rae Parker, H. G. Whitehead and W. Scott Hunt, of the University College of Medicine, and S. E. Massey, of the Medical College of Virginia, were appointed a committee to form a constitution and make preliminary arrangements for the meeting. The success of their work will be in the final manner in which the officers responded.

A. A. Miller, president of the State Board of Pharmacy, presided at the meeting, and acted as chairman. H. G. Whitehead, of this city, was elected president; A. E. Dorsey, vice-president; H. P. Hudd, secretary, and Miss Maudie Lambert, of Roanoke, treasurer of the new organization. The executive committee is composed of R. B. Parker, N. Thomas Ebbett and W. P. Ruff.

The meeting adjourned subject to the call of the committee, after an hour and a half session, during which a general discussion of the work to be accomplished.
